The Heritage Plaques

There are currently 84 Heritage Plaques in Harrogate, which have been installed over a period of 45 years.

Harrogate's heritage plaques are usually brown & rectangular in shape and tell the history of Harrogate.

Some plaques mark out significant historical buildings whilst others commemorate men and women who were instrumental in the development of the town or those whose businesses still play an active part in the town's fabric. Others commemorate famous people who have visited or had a connection with the town.

Many plaques have a connection with the town's Spa heritage.

Harrogate Civic Society has been, and still is, instrumental in having plaques created and installed, along with serving as a guardian of the town's heritage.

We hope you enjoy following one or more of these trails around the town. For more information and details on all the plaques please visit the website:

www.harrogateplaques.org

The Plaque Number (Plqnn or XPnn) refers to the website plaque numbering. Information correct July2019 but details may change as new plaques are added.
